## **Machine Applique – Table Runner – One Day**

**Focus: Machine Applique Tutor: Leonie Fraser Cost: \$80**

**3 Places Available**

**Date and Times:** Thursday, 29 October, 2020 Start at 10:00 until 2:30pm with setup from 9.30am

**Level of skill required for this workshop:** Suitable for beginners and all levels of experience with machine applique

Choose to make a runner that suits your decorative style. In this one day we will show you how to applique on your machine using a number of different techniques, while allowing you the freedom to choose what you wish to applique onto your runner. You will be given an alphabet, so can choose your own words, and a number of different pictures already prepared for applique – but you can bring your own choices and Leonie will help you to prepare them.

The centre runner can be made as long or short as you like by adding more or less leaves – it is all able to be changed to suit you! You could also choose to present it as a wall hanging or individual place mats to add to your festive decorations.

## Multi-Zippered Bag Tutorial- Two Days

Tutor: Leonie Fraser

Cost: \$165

**Focus:** An essential useful tutorial to develop sewing skills – Creating a bag using multiple zippers, internal pouches and bias binding to finish.

**Dates and Times:** Tuesday, 3 November and Thursday, 5 November, 2020 Start 10:00 to 2:30pm

**New – All 4 Places Available**

**Level of Skill required for this workshop:** Suitable for all sewers familiar with their machine, the changing to various presser feet and selecting different stitch styles

### The Workshops:

The bag is a bonus but the learning of sewing skills is the objective. The bag will be a versatile addition to your sewing accessories – or a wonderful gift for someone special to keep small tools, makeup accessories or treasured small toys hidden in with pens, pencils and scissors. Really, who doesn't need a bag to keep those special things together? This one has multiple zippered pockets with other pouches between them – as you can see in the picture, the divisions are wide enough to hold spools of thread, large scissors and all the tools you will need - as well as a take-along project. Zippered pockets are perfect for holding packets of needles, thimbles, needle threaders, and all the myriad of small items you don't want to be floating around in your sewing bag. (one of mine always holds band-aids!) The tutor will advise you on what to cut and stitch at the workshop.

## Class Booking Policy

With social distancing required, courses currently have a maximum of 4 students and for the safety of our community and customers, we ask students to NOT attend class if they are unwell or showing any flu like symptoms. Unfortunately, this strict maximum limitation on students has increased to cost of our courses for those who can attend.

For all classes, courses and workshops, payment in full is now required to secure your place given the smaller numbers and should be paid at the time of booking. You are only able to do this [in-store or over the phone](#).

If you find you cannot attend and provided there is a waiting list or if you nominate a friend to replace you, their paid fee will allow for your fee to be refunded. Otherwise, your fee is forfeited.

If there are insufficient paid up students, Canberra Sewing reserves the right to cancel a class. We try hard to avoid this problem, but If this does occur, all students will receive a full refund of all fees paid.

Canberra Sewing welcomes you. The shop has a kitchenette with a fridge where tea and coffee are provided free to our students. Please bring your own morning and afternoon tea or food where applicable. There are cafes nearby if you wish to purchase food. Please enjoy your class and thank you!
