

Made for Embroidery Extravaganza!

Are you ready to bring your threads to life? Join us for a vibrant day of creativity and craftsmanship at our **Made for Embroidery Day**, our exclusive machine embroidery event!

Date: Thursday 12th September 2024

Location: Canberra Sewing, 26 Colbee Court, Phillip

Time: 10:00 AM - 2:00 PM

Whether you're a seasoned embroiderer or just starting out, this event is for you. We will show you just what you can do with our full range of embroidery machines from introductory models to advanced top end machines.

The first 15 people to register their attendance via email will receive a gift from Brother on arrival. (Gifts will only be given to those in attendance and cannot be held for later).

Raffles & Prizes: Don't miss your chance to win fabulous embroidery supplies and exclusive goodies in our raffle and bingo!

Refreshments & Socializing: Enjoy delicious snacks and drinks while mingling with other creators.

Specials: Explore a curated selection of embroidery supplies, kits, and sewing gadgets. There will be amazing Brother machine prices and bonuses exclusive to this event. Also, our awesome September specials will be running.

Showcase: Bring in your projects to show off and swap tips with fellow enthusiasts. It's a great way to get inspired and connect with your creative community!

Demonstrations and information session: -

We will share our favourite tips and tricks for successful embroidery projects, including suitable stabilizers, threads, needles and achieving the elusive perfect tension!

Luminaire- Currently Brother's top of the line sewing and embroidery machine, you can construct fabulous clothing, embroidery and quilting pieces. We will be demonstrating edge-to-edge quilting and border design features.

NQ3700D: - It's bigger than the average sewing machine with a smaller embroidery area than most machines. This will be demonstrating embellishing towels.

<https://www.canberrasewing.com.au/product/nq3700d/>

Innov-is M380D: This is an ideal beginner embroidery machine. See how many beautiful motifs and designs you can stitch. Although small, it is perfect for travelling and taking to classes. We will be demonstrating 3D in the hoop designs.

Scan'n'Cut Machines: - We will have examples of how the Scan'n'Cut machine can connect with embroidery machines. Claire Turpin Design has created 'Brother Birds' exclusively for Brother and we will have a sample on display.

<https://www.canberrasewing.com.au/product/sdx1250/>

Expressions of interest for future classes will be recorded on the day.

We have started an affiliation with 'Sweet Pea Embroidery' which you can use on all our embroidery machines.

We will have information about future 'Sweet Pea Embroidery' classes and Brother Bird's applique classes.

Leonie's in the hoop applique three-day bag class in October uses a Sweet Peas Design. Treat yourself to a mini-instore retreat!
